

BADGE COMPLETION SHEET

Please use this document to keep track of any badges you complete outside of your usual Section meetings. It is to help you and the leaders keep track of all the badges you earn during your time in each section.

Some badges can be completed at home and signed off by an adult or they can be completed at school or another club you attend.

Once you have completed all the badge requirements for a specific badge all you need to go is get your parent/guardian/teacher/instructor to sign and date the designated box to confirm they have witnessed this. Once they've done this you can bring it along to a section meeting and your section leader will arrange for the relevant badges to be awarded.

All Staged Activity Badges are transferred through the sections so each stage does not need to be completed again.

The badge requirements for all Beaver badges can be found here:

- [Beaver Badges & Awards](#)

Please do not hesitate to contact your section leader(s) if you have any questions about any badge requirements.

Badge:	Adult Signature:	Date Completed:	Section leader Signature:	Date Awarded:
